# ABOUT

Dört-A Tıp Malzemeleri Sanayi İth. İhr. Tic. Ltd. Şti., founded in 1997, started operating producing sterilization reels.

Its products recognized by Turkish and international medical authorities in a short period of time currently it is exporting products to more than 60 countries.

Products by Dört-A Tıp Malzemeleri are a combination of the best materials with high technology and a productive work.

Its range of products, having started with sterilization rolls, has been enriched with various products such as Sterilization Pouches, Tyvek Reels, Sterilization Control Products, and Washing Device Control products.

# US

With a new investment, Dört-A has also added a different product to its range, this being drainage system products.

Beside its own produced products, it has also been meeting Turkey's need of high quality medical materials with the products it has been importing from the prestigious firms of the world.

Dört-A Tıp Malzemeleri has been continuing operating with its innovative staff and dynamic firm identity.
